NAVINTCOM INSTRUCTION 5450.7A

From: Commander, Naval Intelligence Command

Subj: Shore Activities Under the Command of the Commander, Naval Intelligence Command: missions and functions of

Ref: (a) OPNAVNOTE 5450 ser 09B26/549884 of 1 JUL 1980
(b) NAVINTCOMINST 5450.7
(c) OPNAVNOTE 5450 ser 09B26/313365 of 1 SEP 1981

Encl: (1) Missions and Functions assigned to the Navy Field Operational Intelligence Office
(2) Missions and Functions assigned to the Naval Intelligence Support Center
(3) Missions and Functions assigned to the Naval Intelligence Processing System Support Activity

1. Purpose. To promulgate the functions to be performed by Navy Field Operational Intelligence Office (NFOIO), Naval Intelligence Support Center (NISC), and Naval Intelligence Processing System Support Activity (NIPSSA) in support of the missions promulgated by reference (a).

2. Cancellation. This instruction supersedes references (b) which is hereby cancelled.

3. Status and Command Relationships. NFOIO, NISC, and NIPSSA are shore activities in an active operating status under commanding officers and under the command of the Commander, Naval Intelligence Command. The three shore activities are subject to the area coordination authority of the Commandant, Naval District Washington, D.C. or such other commands and activities in his assigned geographic area as may be designated by him in appropriate instructions. The Naval Investigative Service was designated a second echelon command 1 Oct 1981 by reference (c), and is no longer a shore activity under the Commander, Naval Intelligence Command.

4. Action. In the accomplishment of assigned missions, the commanding officers of NFOIO, NISC, and NIPSSA shall perform the functions set forth in enclosures (1) through (3), respectively. The commanding officers of each shore activity, superiors in the chain
of command, and the Commandant Naval District Washington, D.C.
and other area coordinators, as appropriate, are requested
to advise the Commander, Naval Intelligence Command of any
modifications to assigned mission or functions which may be
required by changing circumstances or are otherwise deemed
appropriate. Recommendations for changes or modifications to
the assigned mission or functions should be submitted via the
chain of command with a copy to the Commandant, Naval District
Washington, D.C.

Commander, Naval Intelligence Command (NIC-OOA1A)
4600 Silver Hill Road
Washington DC 20389
MISSION: To produce finished operational intelligence and ocean surveillance information and indications and warning in response to requirements of JCS, Department of the Navy, Defense Intelligence Agency and joint commands and to provide for the timely dissemination of such intelligence to support planning and execution of military and naval operations; and perform such functions and tasks as directed by higher authority.

FUNCTIONS: Under the Command of COMNAVINTCOM:

1. Provides current operational intelligence and ocean surveillance information on a continuous watch basis, reporting all-source information on foreign naval/naval air movements and operations in progress.

2. Provides maritime-related indications and warning to Department of the Navy and Department of Defense.

3. Provides current locating information on and operational histories of selected foreign merchant and fishing fleets.

5. Conducts in-depth analysis and publishes all-source intelligence articles and studies on the organization, tactics, doctrine and operational patterns of selected foreign naval/naval air forces and merchant/fishing fleets.

6. Provides timely analytical support and feedback to special collection resources.

7. Provides tactical and doctrinal intelligence support for the operating forces through production of Naval Warfare Publications and related documents.

8. Contributes to and reviews drafts of National Intelligence Estimates and various studies prepared by other activities, most particularly those pertaining to Soviet Bloc and PRC navies.

9. Represents the intelligence interests of the Navy, conducts liaison and acts as single point of interface with the National Security Agency on all non-cryptologic matters.

10. Provides operational intelligence support for war gaming and tactical studies at the Centers for War Gaming and Advanced Research at the Naval War College.

Enclosure (1)
11. Provides direct support to COMNAVINTCOM in all matters relating to foreign ASW threats to the U.S. Navy strategic deterrent force.

12. Provides specialized operational intelligence support for the U.S. Navy Underseas warfare operations.
MISSION: To process, analyze, produce, and disseminate scientific and technical intelligence and develop threat assessments on foreign naval systems in order to support national and Navy strategic plans, research and development, objectives, and programs; and perform such other functions and tasks as directed by higher authority.

FUNCTIONS: Under the Command of COMNAVCENT:

1. Provides scientific and technical intelligence support to the Chief of Naval Operations; Chief of Naval Material; Director Defense Intelligence Agency; Director of Naval Intelligence Commander, Naval Intelligence Command, the Naval Establishment; Operating Forces; and other authorized U.S. agencies.

2. Develops and produces scientific and technical intelligence on the current and future technical characteristics and warfare capabilities of foreign naval surface, subsurface, air, space and merchant systems; to include weapon systems; command, control and communications, ocean surveillance systems; electromagnetics; and research and development.

3. Provides naval intelligence threat support to the U.S. naval weapons system planning, development and acquisition process by: producing long range threat assessments and projections; producing threat/capabilities publications; developing threat assessments and threat support plans in support of specific programs and projects; and maintaining liaison with program sponsors, project managers and other participants in the naval weapons system planning, development and acquisition process.

4. Conducts imagery analysis in support of Navy technical and current intelligence programs. Exploits imagery obtained by special Navy and national collection systems.

5. Develops and maintains the Navy intelligence data base to include data from acoustic, non-acoustic, electronics, imagery, electro-optical and other sensors for technical intelligence production.

6. Provides technical support for intelligence exploitation systems, processes and techniques to include acoustic, nonacoustic, electronics, imagery, and electro-optical sensor collection systems.

7. Acts as the DNI's Executive Agent for acquisition of foreign material and exploitation within the Navy Foreign Materiel Exploitation Program (NFMP).
NAVINTCOMINST 5450.7A

9. Provides Navy representation on Director of Central Intelligence committees, subcommittees, working groups and others as directed by higher authority. Provides technical support and liaison to national intelligence collection systems and develops Navy intelligence collection and exploitation requirements in support of national intelligence plans and programs.

10. Administers the NEC 0416 (ACINT Specialist) program and provides fully qualified personnel for temporary additional duty onboard selected collection platforms.

11. Provides translation and other foreign language services and disseminates the Naval Intelligence Processing System (NIPS) and Shipboard Microfilm Program (SMP) miniaturized data base.

12. Provides supply, fiscal and reprographic support, as needed, to the Naval Intelligence Command and its subordinate activities.

12. Advises and assists the Commander, Naval Intelligence Command, and his subordinate commands in the formulation and execution of security policy and procedures.
NAVAL INTELLIGENCE PROCESSING SYSTEM SUPPORT ACTIVITY

MISSION: To plan, sponsor, develop, and manage automated Naval intelligence information processing and communications systems; and perform such other functions and tasks as directed by higher authority.

FUNCTIONS: Under the Command of COMNAVINTCOM:

1. Advises CNO (OP-009) and COMNAVINTCOM, and on their behalf sponsors the Naval Intelligence Processing System (NIPS), Ocean Surveillance Information System (OSIS), all intelligence information systems (IIS), intelligence communications systems, and fleet tactical intelligence processing systems.

2. Coordinates with appropriate OPNAV offices, other commands and organizations on behalf of CNO (OP-009) and COMNAVINTCOM regarding such systems, including establishment of policy, planning development, programming, budgeting, management, evaluation of effectiveness, and action to correct deficiencies.

3. Additional specific functions by program include:

   (a) OSIS

      (1) Coordinates and validates requirements.

      (2) Monitors development and management of operational system.

      (3) Manages NAVINTCOM participation in the operational aspects of Navy OSIS.

      (4) Provides support on matters relating to the interface of the OSIS with the Fleet Command Center and the satisfaction of Defense and national requirements for OSIS capabilities.

   (b) NIPS: Supervises NAVINTCOM participation in the NIPS.

   (c) Fleet Tactical Intelligence Processing Systems

      (1) Coordinates, monitors, and evaluates plans, programs, and procedures for the development, production, expansion, support and operations of such systems to meet fleet tactical warfare requirements.

      (2) Develops, coordinates, and promulgates guidance concerning standards, doctrine, and techniques for such systems and related equipment under development.

Enclosure (3)
NAVIN柯TCOMINST 5450.7A

d) Intelligence Communications Systems

(1) Manages Department of the Navy participation in such systems.

(2) Monitors, reviews, and evaluates the plans, facilities, techniques, and procedures for such systems to ensure optimum performance, economy of automation resources, and compatibility of effort.

(3) Studies and promotes the interface of intelligence communications systems with tactical intelligence command and control ADP systems, and the development of mutually supporting intelligence and command management information systems.

4. Manages the Department of the Navy participation in Department of Defense Intelligence Data Handling System (IDHS). Monitors, reviews, and evaluates the plans, facilities, techniques, and procedures of Navy and Navy supported IDHS to insure optimum performance, economy of automation resources, and compatibility of effort.

5. Serves as a single manager, focal point, and coordinator for all NAVINTCOM present, proposed and future automation and telecommunications activities.
